

Dhiraj Kamble

Cloud & DevOps Fresher

Maharashtra, India | +91 98765 43210 | dhiraj.kamble@example.com | GitHub / LinkedIn

PROFILE

Motivated B.Sc. Computer Science graduate preparing for an entry-level Cloud / DevOps role. Building hands-on foundations in AWS, Linux, networking, Git, Docker, CI/CD and Infrastructure as Code. Eager to learn, contribute and grow in a professional engineering team.

TECHNICAL SKILLS

AWS • Linux / Ubuntu • Git & GitHub • Docker • CI/CD • Terraform • Networking • Bash • HTML • CSS • JavaScript

PROJECTS

Cloud Web Application — AWS, EC2, S3, VPC. Designed a beginner-friendly cloud deployment architecture.

Dockerized Web App — Docker, Linux, Git. Containerized a web application for reproducible deployment.

CI/CD Pipeline Lab — GitHub, CI/CD, Bash. Built a learning workflow for automated build, test and deployment.

Terraform AWS Lab — Terraform, AWS, IaC. Explored repeatable cloud provisioning.

EDUCATION

B.Sc. Computer Science — 2022–2025, ABC College of Science & Technology, Maharashtra. Focus: Programming, DBMS, Web Development, Networking.

HSC — Science — 2020–2022, XYZ Junior College, Maharashtra.

LEARNING FOCUS

AWS architecture • Linux administration • Docker • CI/CD • Terraform • Monitoring • Cloud security • Networking

CAREER OBJECTIVE

To start my career in Cloud / DevOps, contribute to real-world infrastructure and deployment work, and continuously develop strong automation and cloud engineering skills.
